About Trust

The journey of **S. K. CHAUDHARY EDUCATIONAL TRUST** started in **1993** with the vision to strengthen Indian youth, farmers, women and rural population towards the goal to make India a developed nation. **For the last 3 decades SKCET** has embarked on a mission to establish institutions at various levels in different parts of the country. **Under the leadership and guidance of Dr. Sant Kumar Chaudhary, the trust now has 51 institutions and programs operational in India.** These institutions serve the public in domains of **EDUCATION (Primary, Secondary, Technical, Teachers Training, Management, and Farmers Training); HEALTH (Eye Care and Farmers & Rural Health); AGRICULTURE (Extension activities of ICAR, Ministry of Agriculture & Farmers Welfare).** These organisations are functional in **different states of India - Bihar, Rajasthan, Delhi, Orissa, Maharashtra, and Tamil Nadu, etc.**

Through Education SKCET has given technocrats, management personnel, teachers and trained vocational experts. These students have gained education at subsidized and nominal fees and are now a strong contributor to the Indian economy.

SKCET has made world class education accessible for Indian students by doing collaborations with most prestigious universities. Our partner institutions are from **Europe (VMU, Lithuania, Poland), Russia (Volga State Transport University; MININ Nizhny Novgorod State Pedagogical University); Asia (USTC Thailand, BITS Pilani Dubai, NSU Singapore); USA (Texas State University, State University of New York, New Jersey); Canada (PLC Montreal).**

In the health sector, **SKCET's SHANKAR NETRALAYA** has been instrumental in serving more than a million lives. The poor and the farmers have gained the gift of eye-sight avoiding hefty debt that is associated with the health crisis in rural India.

Through the tireless work of trust, it has brought commendable progress in common people's lives. .

In 1994 **SKCET** established "**Krishi Vigyan Kendra**", **Chanpura-Basaitha, Madhubani, (Bihar) in collaboration with ICAR, Ministry of Agriculture and Farmers Welfare, Govt. of India. Since its inception, KVK Chanpura- Basaitha has undertaken activities related to farmers training, quality seed production and distribution, field demonstration, soil testing, vegetables and fruit plant's nursery, seed multiplication, animal husbandry, watershed projects, agri-clinic and agribusiness training centers, agricultural seed resources, home science, fisheries, Makhana (fox nut) unit, Madhubani Painting etc.**

To enrich the farming practices and to bring world class scientists, technocrats, social activists SKCET's KVK has been organizing mega events since last 25 years. In the last 6 years only 5 mega events have been organised namely **Krishi, Shiksha Evam Swasthya Mahotsav & Mega Agri Expo in 2019, 2022, 2023, 2024 & 2025.**

These events have seen participation from delegates from **more than 29 nations from 5 continents, national delegates from more than 8 Indian states.** The progressive farmers, the prominent social activists, female artisans, youth entrepreneurs have been awarded by prominent personalities like **Governors of Bihar, Sikkim, Kerala.** Various events were organized within these mega events like farmers training, health camps, and international seminars.

The Trust publishes the following journals / magazines periodically:

- 1. Agricultural Journal "Kisan International"-Quarterly (Hindi)
- 2. Technical Journal "Technikon" Half-Yearly (English)
- 3. Magazine "Glimpses"-Yearly (English)
- 4. Magazine "Navankur"
- 5. Swasthya Parichaya for Health

The objectives of Krishi Vigyan Kendra are as follows:

- To train farmers, youth and women of rural Bihar.
- Enthuse rural youth, farmers for working towards “**VIKSIT BHARAT**” (**विकसित भारत**)
- Bring the technology from world class organisations like ICAR and other international organisations to rural farmers.
- Build a repository of traditional farming, seeds, practices, etc. and use this knowledge to make Bharat “**VISHWA GURU**” (**विश्व गुरु**) in agriculture.
- To encourage youth to take up progressive and modern farming to make “**INDIA 5 TRILLION \$ ECONOMY**”
- To provide information about various farming and activities performed by KVKs and to provide other important information such as weather and market information to the farmers.

ABOUT THE CONFERENCE

Climate change poses unprecedented challenges to agriculture, with erratic rainfall, extreme temperatures, soil degradation, declining water resources, and rising pest and disease outbreaks threatening global food security. To meet the demands of a population projected to exceed **9.7 billion by 2050**, agriculture must embrace **Climate-Smart Cultivation (CSC)**-an integrated approach designed to boost productivity and incomes, strengthen resilience to climate change, and reduce greenhouse gas (GHGs) emissions. CSC practices such as *sustainable farming, soil carbon sequestration, agroforestry, and efficient water and nutrient management* not only safeguard food systems but also enable farmers to generate tradable carbon credits, creating new income opportunities while advancing environmental sustainability.

**India, with 65% of its population engaged in agriculture and 15 diverse agro-climatic zones**, stands at the forefront of this transformation. Despite being self-sufficient in food grain production, challenges such as fragmented land holdings, water scarcity, soil degradation, limited credit access, and market inefficiencies persist. **With a population of 1.42 billion** and rising demand for food grains-expected to reach 400 MT by 2050-climate-resilient farming systems are essential. This conference will bring together **policymakers, researchers, industry leaders, and farmers** to explore reforms in *privatization, urbanization, and digitalization*, positioning CSC as a future-ready agricultural transformation system. By integrating technology, sustainable practices, policy support, and community participation, agriculture can evolve into a greener, more efficient, and secure sector.

Conference Themes & Sub-Themes

- Horticulture-based farming for income security
- Carbon sequestration and agroforestry
- Conservation tillage (minimum or zero tillage)
- Climate-smart crop protection
- Integrated farming systems & sustainable agriculture
- Climate-resilient farming and carbon markets
- Nutrition-sensitive agriculture
- Role of start-ups in transforming agriculture
- Artificial intelligence and agriculture
- Direct marketing by farmers
- Social mobilization of women, youth, and farmers
- Alternative income-generating activities for farmers
- Food processing and farmers' collectives
- Public-private partnerships in agriculture

Separate sessions will be organised for international delegates, alongside a parallel exhibition showcasing innovations in agriculture.

SUBMISSION GUIDELINES

Participants are invited to contribute working papers, research papers, review papers, policy / concept papers, case studies, and success stories that align with the conference themes. Full-length papers (3-10 pages, max. 2,500 words, A4 size, Times New Roman, 12 point, single or 1.5 spacing) should be submitted in MS-Word format by **10th January, 2026** to [kvkconference@shankaratechnology.org](mailto:kvkconference@shankaratechnology.org). All submissions will undergo peer review, and acceptance / rejection notifications will be sent by **25th January. 2026.**

Organizing Committee will bestow the following awards in this Global conference

- Shri Bhavnath Memorial Eminence Award in Social Work
- Smt. Vedanti Memorial Eminence Award in Education
- Agriculture Education Excellence Award
- Lifetime Achievement Award
- Remarkable Research Work Award
- Young Scientist Award
- Best KVK Scientist Award
- Best Entrepreneur Award
- Best Research Scientist Award
- Best NGO Award
- Best Extension Workers Award / Prerna Award
- Best Agriculture Journalist Award
- Best Innovative Farmer / Krishi Surya Award
- Best Innovative Women's Farmer Award / Padma Bhushan Mahadevappa Seva Trust Award
- Best Farmers Producer Organization Award / Madhudevki Vyanjan Award
- Best Oral Paper Presentation Award
- Best Poster Presentation Award
- Best CSR Activities in Agriculture Award

WHO SHOULD PARTICIPATE

- Academicians & Head of Institutions
- Farmers
- Individual & Start-ups
- Government Officials
- Skill Council Experts / Planners / Policymakers
- Cooperative Firms
- Incubation Centre
- Private Firms / Industries
- Technology & Research Centre Officials
- Research Scholars / Research associate

ORGANIZING COMMITTEE
